Professional Summary

Highly motivated Computer Science student with strong foundation in C/C++/Java and competitive programming. Experienced in cloud-native technologies including Go, Linux/Ubuntu, and container-based development. 400+ CodeForces and 430+ LeetCode problems solved.

Education

Khulna University of Engineering & Technology Khulna, Bangladesh
Bachelor of Computer Science & Engineering Expected: 2026
GPA: 3.35/4.00 · Coursework: Data Structures & Algorithms, Operating Systems, Computer Networks, Database Systems

Technical Skills

Languages & Frameworks: C, C++, Java, C#, Go, PHP, SQL, Laravel, ASP.NET, Flutter
Cloud & DevOps: Linux/Ubuntu, Docker, Golang microservices, Linux system administration
Tools & Technologies: Git, GitHub, Command-line interfaces, RESTful APIs

Experience

Cloud-Native Application (Golang) 2025 *Personal Project* · github.com/suma-iy/GoRent

- Developed backend service using Go implementing RESTful APIs and microservices architecture
- Deployed and tested on Linux/Ubuntu environment demonstrating cloud-native development proficiency

Laravel E-Commerce Platform 2024 *Full-Stack Development* ·
github.com/suma-iy/LaravelEcommerceProject

- Built scalable platform with authentication, product management, and admin dashboard using MVC architecture

Esale - E-Commerce System 2024 *Team Collaboration* · github.com/suma-iy/Esale

- Collaborated using GitHub for distributed development, code review, backend optimization, and agile processes

MyLearningApp - Android App 2023 *Mobile Development* · github.com/suma-iy/MyLearningApp

- Created Android application for programming education with quiz functionality and UI design

Competitive Programming Achievements

- Participated in ICPC Asia Dhaka Regional Contest 2024 and National Girls Programming Contest 2022
- **8th Position** - Codemania Programming Contest, 2023
- **400+ problems** solved on CodeForces online judge; **430+ problems** solved on LeetCode platform

Additional Qualifications

- **Linux Proficiency:** Hands-on experience with Linux/Ubuntu for development and deployment
- **GitHub Collaboration:** Experienced in open-source collaboration model through multiple team projects

Research & Publications

- **DSCBAM-Net: A Lightweight Neural Network with Grouped Depthwise-Separable CBAM for Automated Brain Tumor Classification**
Presented at the 7th International Conference on Electrical Information and Communication Technology (EICT)
- **Semi-Supervised Context-Aware Emotion Classification for Noisy Bangla Text Using Advanced Learning Strategies**
Accepted for presentation at the 11th IEEE WIECON-ECE 2025 conference
